Competitor designed and built.					20		
Scratch built from commercial plans.					16		
Built from a kit.					12		
Built from a fibreglass and foam kit.					8		
<b>SCALE REALISM</b>					10		
<b>TOTAL SCORE</b>							

Chief Judge's Initial: .....

Rating	Fidelity to Scale	Workmanship
Superior. 9-10	Looks exactly like the photograph.	Superior craftsmanship on complex subject.
Excellent 7-8	Minor discrepancies, hardly noticeable.	High degree of craftsmanship.
Good 5-6	Changes made do not detract from the overall effect.	Definite attempt to hide "model requirements."
Fair 3-4	Some obvious deviations and changes.	Workmanship detracts from model in some way.
Poor 0-2	Gross exaggerations and deviations from scale.	Bad workmanship.

**Minimum Documentation:-** Published scale 3-view drawing or silhouette plus minimum of 3 photographs.

**Colour and Markings:-** A colour print / photograph, a printed colour description or paint chips etc. from the prototype.

Details not visible in flight are not to be judged. (cockpit interiors, surface details etc.)

If no documentation is provided, only craftsmanship and flight points are to be awarded.
